Modern Table Styling with Borders and Spacing

http__buyersmarket.icu_.html
HTML 49.58KB

style.css
CSS 11.02KB

Restyle the table .catTable, make it more modern, border each row & space the rows. Markup provided for reference but don't modify the HTML, only the css.

I'll restyle the `.catTable` to make it more modern with borders and spacing between rows. Here's the updated CSS:

```css
.catTable {
    position: relative;
    width: 100%;
    border-collapse: separate;
    border-spacing: 0 10px;
}

.catTable .row {
    width: 100%;
    margin: 0;
    padding: 0;
    background: white;
    border-radius: 8px;
    box-shadow: 0 2px 10px rgba(0,0,0,0.05);
    transition: all 0.3s ease;
}

.catTable .row:hover {
    box-shadow: 0 4px 15px rgba(0,0,0,0.1);
    transform: translateY(-2px);
}

.catTable .row.heading {
    height: 45px;
    background: #333;
    color: white;
```

```
    font-weight: 600;
}

.catTable .row.line {
    height: 80px;
    border: 1px solid #e0e0e0;
}

.catTable .row .cell {
    margin: 0;
    float: left;
    padding: 10px 15px;
    display: inline-flex;
    align-items: center;
    justify-content: center;
    height: 100%;
    box-sizing: border-box;
    border-right: 1px solid #f0f0f0;
}

.catTable .row .cell:last-child {
    border-right: none;
}

/* Remove the old alternating colors */
.catTable .row:nth-child(even) .cell:nth-child(odd),
.catTable .row:nth-child(even) .cell:nth-child(even),
.catTable .row:nth-child(odd) .cell:nth-child(odd),
.catTable .row:nth-child(odd) .cell:nth-child(even) {
    background-color: white;
}

.catTable .row.heading .cell {
    background: transparent;
    border-right: 1px solid rgba(255,255,255,0.2);
    font-size: 14px;
    text-transform: uppercase;
    letter-spacing: 0.5px;
}

.catTable .row .cell.title {
    width: 10%;
    font-weight: 500;
}
```

```
.catTable .row .cell.description {
    width: 35%;
    justify-content: flex-start;
    text-align: left;
}

.catTable .row .cell.listprice {
    width: 10%;
    color: #666;
}

.catTable .row .cell.reduction {
    width: 10%;
    color: #e53935;
    font-weight: 500;
}

.catTable .row .cell.reduction .timer {
    color: #e53935;
    font-family: monospace;
}

.catTable .row .cell.currentprice {
    width: 15%;
    font-weight: 600;
    color: #2e7d32;
}

.catTable .row .cell.thumbnail {
    width: 20%;
    padding: 5px;
}

.catTable .row .cell.thumbnail img {
    max-width: 100%;
    max-height: 100%;
    border-radius: 4px;
    object-fit: cover;
}
```

Key improvements made:

1. Added proper spacing between rows with `border-spacing`

2. Gave each row a clean white background with subtle shadow
3. Added hover effects for better interactivity
4. Improved the header row with dark background and uppercase text
5. Added subtle borders between cells
6. Better typography with improved font weights and colors
7. Proper alignment of content within cells using flexbox
8. Rounded corners for a softer, more modern look
9. Better image handling in thumbnail cells
10. Color-coded price reductions (red) and current prices (green)

The design maintains all the original functionality while giving it a much more contemporary, professional appearance.
